

67th Avenue and Deer Valley Road Waterline Improvements

The Glendale Water Services Department will begin repairing a water leak under the intersection of **67th Avenue and Deer Valley Road on January 18, 2016, following the re-opening of Westbound Beardsley Road and 75th Avenue on January 12, 2016**. The water leak was discovered during improvements made to the intersection over the summer. The new pipe required a special order with a wait time of 3-4 weeks, and both the City Council and the Water Services Department agreed to temporarily postpone the repairs while waiting for the new pipe to arrive so that traffic would not be restricted.

A few weeks later, we were informed that the Loop 101 on-ramp at Westbound Beardsley Road and 75th Avenue would be closed for the remainder of the year as part of the Aspera Development on the northwest corner of 75th Avenue and Beardsley Road. The closure required commuters to access the Loop 101 from 67th Avenue which caused great concern that the two closures, **Westbound Beardsley Road and 75th Avenue and 67th Avenue and Deer Valley Road**, would have a negative impact on local residents who require access to the Loop 101. The Water Services Department agreed to postpone the repair at 67th Avenue and Deer Valley until the Loop 101 on-ramp at Westbound Beardsley Road and 75th Avenue is re-opened.

The repair is estimated to take about four weeks to complete. Westbound Deer Valley traffic will only be permitted to go through or turn right (north) at the 67th Avenue intersection; and eastbound traffic will not be permitted through the intersection, but will be required to turn right only (south) onto 67th Avenue. North and southbound 67th Avenue traffic will have lane restrictions and be shifted to the west side of the intersection (in the southbound lanes). There will be no lefts permitted at the intersection.

Please monitor the weekly newsletter for updates regarding the completion of both projects.

Thank you for your patience during this work.

Best Regards,
